## Message from the Head.

I am always a little perplexed why we call this the Spring term when it is so cold and outside and still winter!! The children have settled in well and all is good in The Offley Hood.

Our old Year 6 class are off to The O2 on Monday to sit in the box to join in with the Young Voices performance. It will be a magical experience watching thousands of children singing the song that they wrote. I saw a clip of the Birmingham concert this week and it made the hairs on the back of my neck stand up. It is going to be fabulous to join in the singing at Wembley in a few weeks time. If you are a parent attending and haven't been before, you are in for an absolute treat.

Have a lovely weekend and wrap up warm.

Mr Edwards and Bandit.

## REWARDS—last 2 weeks

We have celebrated the birthdays of Rowan, Isla, Dolcie this term. William H, Lochlan and Poppy all have a birthday next Tuesday. Happy birthday all of you.

## **Hot chocolate with the Head**

I will be having a hot chocolate with Ralphie and Isla today.

Year 5/6 have been writing to a school in Hong Kong. We have made cards for them and told them all about us and our school. We are really looking forward to them sending us replies and seeing how well they can write in English. We have found out that their school is called Wong Tai Sin Lok Sin Tong Wong Chung Ming Secondary School. It makes our school name seem very short!

By Otilie and Alex W

Year 4 have started this term's science topic of Rocks and soils. The children were engaged in their learning about different types of rocks last week, learning about sedimentary, igneous and metamorphic rocks.
